Dear Administrator Curry,

The quality of the scanned version we just sent was poor and hard to read. I have attached here a copy that is much clearer. I have attached the appendices and again provided the link to the reference documents: [https://www.dropbox.com/sh/whlwxt49btoec/AACln7f\\_ep-14g0uD87OVJk1a](https://www.dropbox.com/sh/whlwxt49btoec/AACln7f_ep-14g0uD87OVJk1a).

Sincerely,  
Rachel Conn

Dear  
Administrator  
Curry,

Please find attached a petition by Amigos Bravos for a determination that storm water discharges in Los Alamos County New Mexico are contributing to violations of water quality standards and therefore require a National Pollutant Discharge Elimination System (NPDES) permit.

The supporting documents referenced in the Statement of Facts (SOF) petition can be found at this dropbox link: [https://www.dropbox.com/sh/whlwxt49btoec/AACln7f\\_ep-14g0uD87OVJk1a](https://www.dropbox.com/sh/whlwxt49btoec/AACln7f_ep-14g0uD87OVJk1a)

A hard copy of the petition, the appendices, and a CD of the SOF reference documents has been mailed via certified mail. We look forward to further discussion regarding this petition during our meeting with your staff on July 15th.

Sincerely,

Rachel Conn  
Projects Director
